BETHEL COLLEGE.

Commencement Exercises Concluded To-morrow Night.

Four Young Ladies Will Graduate
--Elocutionary Contest
To-night.

This is Commencement week of Bethel College. The young ladies' reception was held last Friday night and was largely attended. Refreshments were served in the music hall.

Last night the pupils' final recital was given in the chapel and a large crowd attended. The program was very interesting and included an elocutionary contest.

A meeting of the College Alumnae will take place this morning and to-night at the Baptist church the Baccalaureate sermon will be preached by Rev. J. N. Prestridge, of Louisville.

The final exercises will take place to-morrow night in the college chapel and diplomas will be awarded to four young ladies. They are Miss Miriam Eades, Greenville, Ky.; Judith Sugg, Providence, Ky.; Elizabeth Garnett, this county; and Jessie Bowman, this city.

The young ladies will depart for their homes on Thursday.

The session has been a very successful one. The class of 1902 will be a large one. Most of the juniors expect to return and graduate next year.

The closing exercises of the Public School and of South Kentucky College will come off next week.

Miss Minnie Armistead left yesterday for Memphis, to visit Mrs. J. N. Thomas.

JUROR AND WITNESS.

Justice Brewer Thinks They Have
Some Rights Which Trial Law
yers Should Respect.

Justice David G. Brewer, of the
United States supreme court, ar-
raigned the jury and witness systems
of the United States in a recent lec-
ture on "Responsibility of Citizenship"
before Yale students. He said:

"It is one of the duties of Amer-
ican citizenship that we are called to
serve on juries. How many men of
sickness of the jury call reveal?" Men
do not like to serve as jurors, and I
don't blame them. The jury system
as it is at present administered
little more than a relic of a semi-
barbaric age.

"The juror is treated little better
than a criminal. It is locked up at

the time of trial, and the trial is
postponed.

"The trial is a farce, and the

juror is a slave to the trial law-
yers.

—TUESDAY, MAY 28, 1901—

The "blackberry winter" business is in danger of being overdone. We have had it now for nearly a month.

Gaetano Bresci, the assassin of the late King Humbert of Italy, committed suicide in his cell one day last week, by hanging.

Alvin C. Atkins, Secretary of the Paducah Elks' Lodge is short \$1,100 and has been removed from office. The Lodge will not prosecute.

The Paducah Democrat, the Elizabethtown News and other State papers are beginning to manifest impatience at the delay in sending a requisition to Indiana for the return of Taylor and Finley.

The Court of Appeals, in a case from Barren county, has decided that the long and short haul clause in the constitutional does not apply to railroads unless the short haul is included in the long one.

The State authorities have made no attempt so far to investigate the charges entered of record nearly a month ago, questioning the morale of the Western Asylum. Perhaps after all, it is just as well to pass it up to the grand jury, which meets next Monday.

Gen. Fitz John Porter, who died last week, was dismissed from the U. S. Army for cowardice in failing to take part in the battle of Bull Run. Years after the war was over a commission appointed by the President relieved him of the charge and Congress affirmed the decision after a long debate.

The articles on "Russia of To-day," by Henry Norman, which have been a feature of Scribner's Magazine (but have been interrupted for several numbers), are resumed in the June number with a paper on "Finland," which is just now the center of interest on account of the efforts of the Russian Government to surpass the Finnish language in official business. Mr. Norman writes very sympathetically of this hardy people who have so long maintained their individuality while a part of the Russian Empire. He gives remarkable instances of their energy and integrity, and shows the pathos of their attempt to keep their identity against heavy odds.

Scrolula

This root of many evils—

Glandular tumors, abscesses, pimples and other cutaneous eruptions, sore ears, inflamed eyelids, rickets, dyspepsia, catarrh, readiness to catch cold and inability to get rid of it easily, pale ness, nervousness and other ailments including the consumptive tendency—

Can be completely and permanently removed, no matter how young or old the sufferer.

Hood's Saraparilla was given the daughter of Silas Vernon, Waukesha, N. Y., who had broken out with scrofula sores all over her face and head. The first bottle helped her and when she had taken six the sores were all healed and her face was smooth. We write that she has never shown any sign of the scrofula returning.

Hood's Saraparilla

Promises to cure and keeps the promise. Ask your druggist for it today and accept no substitute.

The Century for June is a College Number, the opening paper, by Miss Alice Fallows, being an exposition of the delights and difficulties of "Working One's Way Through College," and the two closing "body" articles being devoted to a consideration of Alleged Luxury Among College Students," the writers—President Hadley of Yale and Provost Harrison of the University of Pennsylvania—agreeing that there is little to excite alarm in present conditions at least in the institutions over which they respectively preside. In this number is printed the prize essay in the Century college competition of 1900—"Tolstoi's Moral Theory of Art," by John Albert Macy of Harvard;

Dr. Alexander Dowie, a faith cure doctor and proprietor of the Zion establishment at Chicago, is under arrest charged with criminal negligence because one of his patients died to death when a physician might have saved her life. The woman's husband was present and sanctioned the prayer treatment that failed.

Biliousness is a condition characterized by a disturbance of the digestive organs. The stomach is distended, the liver enlarged, the bowels constipated. There is loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tonic is a safe remedy for the stomach and creates a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be pleased with them. For sale by all druggists.

THREE PERSONS DROWNED.

Sad Result of Storm Which Visited Elkton.

Elkton, Ky., May 25.—The severest rainstorm of years visited this section last evening, doing great damage to crops, fences, stock, telephone wires and even trees. The rainfall was accompanied by sevethunder, lightning and wind, the wind felling a number of trees.

The saddest result of the storm in the county was the drowning of three persons residing near this city.

About 2 o'clock Mrs. R. A. Morrow, her little 7-year-old daughter and Miss Janie Craig started from their home near Allegre, nine miles north of this city, to come to Elkton in a buggy. The storm overtook them, but they continued their journey until they came to a small branch—Dodd's Creek. This they attempted to cross while the stream was in a raging state. The buggy capsized and all three were drowned. The bodies have been found; they had drifted some distance from the ford.

Mrs. Morrow's husband and also her brother are now in Texas and have been notified by telegraph. The bodies are to-day being embalmed in the hope of preserving them for several days until relatives can reach here from the West.

Latter Details.

Mr. F. M. Dulin was in the city yesterday and brought some of the details of the accident. Mrs. Morrow was formerly Miss Mattie Kirkman. Her husband is now in Texas. Miss Craig lived with her. The sudden freshet it is supposed was caused by the giving away of the watergap above the roadletting loose a large volume of water at once, as they had passed the deepest part of the creek. The

water subsided in half an hour and P. B. Robinson discovered and recovered the bodies. Mrs. Morrow was found in the bed of the creek. Miss Craig was left on the bank by the falling waters a little below. The child's body was carried below a mile and left on the bank. The mare they were driving kept her above the water and escaped alive with a piece of the buggy hanging to her.

The three bodies were buried at the Kirkman graveyard the next day. Mrs. Morrow's hand bag containing the key to her house was lost and the house had to be broken open when the dead bodies were taken home.

MCARROLL'S DECISION.

Court Refused to Allow Any Part of Claim.

The suit of John Boyd, ex-Sheriff of Lyon County, against S. N. Leonard, in which suit the said Boyd claimed a full partnership in the profits made in the purchase of Lyon county bonds held by Dr. E. R. Cook and Mr. C. A. Thompson, of this city, the profits amounting to over \$13,000, was decided by special Judge Joe McCarroll, of this place, in favor of John Boyd. Prior to the sale of said bonds several years ago Dr. Cook had been involved in litigation to recover on them, but owing the feeling in that county, could not enforce the judgment of the court. He was represented by Messrs. Husband & Husband, of Paducah, in the litigation and in the above suit between Boyd and Leonard they came into said action by cross petition, claiming a fee of \$1000 against Dr. Cook.

This branch of the case was hotly contested and finally decided in favor of Dr. Cook, the court refusing to allow any part of the said Husband & Husband's claim. Dr. Cook was represented by Mr. J. B. Allensworth, of this city.

RIPE IN YEARS.

Esq. B. S. Campbell Passed Away Saturday.

One of the County's Oldest and Best Citizens—Ninety Years Old.

Mr. Benjamin S. Campbell, one of the oldest citizens of Christian county, died at 2:30 a.m. Saturday, after a long illness.

Mr. Campbell was born in Christian county, September 15, 1810, and was reared on a farm near Beverly.

Upon reaching manhood he came to Hopkinsville and went into the drygoods business where the First National Bank now stands.

In 1850 he bought the farm where he died, on the Canton Pike. His wife died four years ago. Three children survive, Capt. Ned Campbell, of Henderson; Mrs. Milton Gant, of Owensboro, and Mrs. Jas. C. Moore, of this county.

Mr. Campbell was a good business man and accumulated a comfortable estate. He was one of the original organizers of the Hopkinsville Christian Church and was an officer in the church for sixty years. He was also a trustee of South Kentucky College and a director in the First National Bank.

His life was characterized by earnest piety and consistent Christianity. He brought his religion into his daily life and was noted for his generosity, his goodness of heart and his benevolence. His funeral services were held Sunday afternoon at the Christian church. A number of grandsons acted as pall-bearers. Mr. H. B. Smith preached an appropriate discourse and the burial occurred in Hopewell Cemetery.

A Cup of Good Coffee

To get a really good cup of coffee you'll have to start back of the actual making; you'll have to look to the roasting and the grinding. In ARBUCKLES' you have a coffee that's scientifically roasted, and delivered to you with all the pores of the berry hermetically sealed. You're sure of a good cup of coffee because all the coffee flavor and aroma are kept intact until you want it. The fame of ARBUCKLES' induced other coffee packers to put out imitations of it. These imitations cost the grocer (and you) a cent a pound less than ARBUCKLES'. But don't be tempted to buy a package of some other coffee when you can get

Arbuckles' Roasted Coffee

for it is actually less expensive than the cheap kind; goes further—besides being better flavored, more satisfying.

You will find a list of useful articles in each package of Arbuckles' Coffee. A definite part of one of these lists is the name of the grocer who will supply you with the coffee. The name you select from the list will be sent to our New York Department, a central office of signature, and from the wrapped.

A VERY INTELLIGENT DOG.

Not Only a Trick-Performer, But He Understands What You Say.

The most known and knowing dog in California is Charles Newman's Golden Lion, a St. Bernard, six years old, 37 inches in height and weighing 167 pounds. He has a record of jumping over a bar five feet three inches from the ground; can carry 40 pounds in a basket with his teeth, and understands English as well as the average child of five or six years of age.

Lion has traveled extensively, his education having been completed by a trip to Europe, where he took a gold medal prize over all exhibited St. Bernards of the rough-coat class at the London dog show. He has taken St. Bernard prizes all over the eastern cities and has also a silver medal which he won at the Mechanics' fair, with a whole troupe of performing barkers from the Orpheum matched against him. Although the prize was given for performing tricks, the truth is that there is no mere trick about it, for with Lion it is really a knowledge of English language for which he should be commended. The actor dog could only do their learned-by-heart performance. Lion did anything requested by any spectator which was possible for a dog to do.

He will take off a gentleman's hat or overcoat, carry a message or package to any place that he knows by name, even at a mile's distance, and in the same way take any object of which he knows the name or from any place designated. He will pick up money thrown upon the smooth marble-tiled floor, go up and lay it on the bar, and then bark to be served. But whatever others may take, he has good sense in his drinking. They may have their cocktails, punches and other stimulants, but for him he leaves the festive crowd, and, going quietly around to the end of the bar, has pure, cold water served to him in a pannikin.

The rescuing instinct is so strong with this intelligent dog that he will not allow his master to go too far out in the breakers when swimming from the beach at Sutro's, but as soon as he thinks the danger line has been reached, he swims directly in front of Mr. Newman and barks him back to shore.—San Francisco Call.

THE SUFFRAGE FOR WOMEN.

How It Works in Utah Half the Women on Vote.

The Utah State Council of Women has just completed an interesting investigation concerning the extent to which the women of Utah exercise the right of suffrage. It has been alleged by anti-suffragists that women do not avail themselves of the right to vote even when it is extended to them, and the National Federation requested the Utah State to vote upon whether this was true in Utah. At the meeting of the council last Friday it was a unanimous decision that 95 per cent. of the Utah women go to the polls. The report will be forwarded to the National Federation.—Utah Herald.

Wounded Horses.

When wounded in battle horses are attended to as soon as possible. HEART DISEASE.

Sudden Death of Former Governor Jno. R. Tanner.

Springfield, Ill., May 24.—Former Governor John R. Tanner died here suddenly in the Leland Hotel, at 2:45 yesterday afternoon, from rheumatism of the heart.

He had been confined to his room since his return from Chicago last Saturday, with rheumatism in the left side, but the case was not considered in the least serious. He felt much worse yesterday afternoon, and Dr. J. D. Dixon, the governor's physician, was called about 2:30 o'clock and found the governor dying.

Gov. Tanner had held various positions besides that of governor, having been a member of the Illinois house, United States marshal, Southern district of Illinois, state treasurer and assistant at the United States sub treasury at Chicago, and was for many years a member of the Republican state central committee and chairman of the same, and was a candidate for the United States senator.

He leaves one son, Col. J. Mack Tanner, of Springfield, colonel Fourth infantry, 1. N. G., and one daughter, Mrs. John A. Barnes, of Chicago.

Gov. Tanner was fifty-seven years old and a private in the Fifteenth and Sixty-first Illinois infantry regiments, and a state senator, also former member of the railroad and warehouse commission.

A Very Remarkable Remedy.—"It is with a great deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer seeing the medicine exposed for sale on my show case, said to me, 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store to overcome with acute pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Said by all druggists.

TO FIGHT FOR LONG TERM.

McLaurin and Tillman Said to Have Reached an Agreement.

Columbia, S. C., May 25.—It is understood that Senator McLaurin and Senator Tillman have a tacit agreement to contest for the long term to which Tillman was elected last January. Under the State Democratic party rules the candidates must designate specifically the office to which he aspires. Whether McLaurin wins over Tillman or Tillman is re-elected, McLaurin's unexpired term will be filled by a new man.

There are four announced candidates: Asbury C. Latimer, Congressman from the Third district, and said to be Tillman's lieutenant; D. S. Henderson, State Senator from Aiken; Col. George Johnstone, ex-Congressman from the Third district, and Wiley Jones, chairman of the State Democratic Executive Committee and executive officer of the South Carolina National Bank.

Between Johnstone and Latimer there is no good feeling, and this race may be as interesting as it

FARMERS HAPPY.

Another Tobacco Setting Season Prevailed At Right Time.

Another fine tobacco season has prevailed since the heavy rain of last Friday and a large number of plants have been set. All of the land that had been prepared has been planted and while the second setting was made up of rather small plants they are very thrifty in appearance and did not wilt from the effects of transplanting. Many farmers are finishing up their crop and others are about half done, while a few only set a small portion of their intended crop. In Hopkins, Webster and other counties North of

Of all kinds are being made on other binders, but notwithstanding all this, we will continue to do the bulk of the binder business for

TWO REASONS:

FIRST--Because the Deering is the BEST MACHINE MADE and saves four inches of twine over all others every time it ties a knot, and twine costs money

SECOND--The vit 1 question of repairs cuts a big figure. We have kept repairs for the Deering for years and will continue to do so. Break a brand new binder even and it is worthless unless repairs are within reach.
